

INCLUSIVE SCHOOL AND COMMUNITY ENGAGEMENT

ACROSS THE LIFESPAN:
AN ETHICAL IMPERATIVE

Marlborough, MA

Why Policy Influencers Should Attend?

By striving for fully inclusive schools, workplaces, and communities, TASH ensures that all individuals have the opportunity to learn, work, and enjoy life amongst a diverse community of family, friends, and colleagues. For 40 years, TASH members have helped shape the federal legislation that authorize disability programs and establish the disability rights framework. They've provided testimony and legislative advocacy in landmark court cases, and are committed to progressive leadership.

This year's New England Regional Conference, **Inclusive School and Community Engagement Across the Lifespan: An Ethical Imperative**, will highlight the importance of inclusive practices for people with significant disabilities. This full-day conference will offer policy influencers the opportunity to:

- Learn the landscape of the field from the research and best practices perspectives
- Hear directly from constituents/stakeholders (people with disabilities and family members)
- Better understand how current research can inform policy development and implementation
- Build connections with community advocates
